

# GENERAL ABBREVIATIONS

AA/WT	American Automatic Water Tower	PUMP	Pumper, with hose body
AAA	American Automatic Aerial	PUMP/CENT	Pumper, with centrifugal pump
B/DIST	Distributor car. with bevel drive	PUMP/PIST	Pumper, with piston pump
BC	Booster pump. closed cab	PUMP/SQD	Pumper, with squad seating
BD	Bevel drive	PWT	Pumper, with water tank
BD/CHAS	Chassis, with bevel drive	PWT/FOAM	Pumper, with Foamite tank(s)
BO	Booster pump	PWT/JR	Pumper, with Junior pump
BP.	In Remarks column - Booster pump	QUAD	Service truck, with pump, hose body, chemical tank(s) (sometimes applied to water tank) and ladders
BSTR	Booster pump	QUAD/WT	Quad, with water tank instead of chemical tank
CB	Centrifugal pump, with bevel drive	QUINT	Quintuple combination, aerial, pump, hose body, ground ladders, water tank
CBM	Centrifugal pump. with bevel drive, (M ?)	RB	Rotary pump, bevel gear drive
CC	Centrifugal pump, closed cab	RC	Rotary pump, chain drive
CCHP	2-stage centrifugal pump, high pressure	RDB	Rotary pump. double bank service truck, with bevel drive
CDB	Centrifugal pump, double bank service truck, with bevel drive	RDO	Rotary pump, double bank service truck, open cab
CDC	Centrifugal pump, double bank service truck, with chain drive	RG	Rotary gear pump
CDO	Centrifugal pump, double bank service truck, open cab	RSC	Rotary pump, single bank service truck, with chain drive
CHEM & HOSE	Chemical and Hose car	SALV	Salvage car
CHEM.	Chemical car	SC/SERV	Single bank service truck, with chain drive
CHEM/JR.	Chemical car, with a Junior pump	SERV	Service car, with equipment and ladders only (See also: TRK)
CHEM/SQD	Squad car, with chemical tank	SERV/TRIP	Service truck, with pump and chemical tank(s)
CMB/SRV	Service truck, with chemical tank	SPEC.	Special chassis and/or equipment
CO	Centrifugal pump. open cab	SPEC/CHAS	Special chassis without body or equipment
COMB.	Combination car, (hose body and chemical tank)	SPEC/COMB	Special combination car
COMB/BSTR	Combination car, with booster pump	SQUAD	Car with body for squad seating only
COMB/JR.	Combination car, with Junior pump	SRV/JR	Service truck, with Junior pump
COMB/SQD	Combination car, with squad seating	ST/COMB	Combination car, with single chemical tank
CW	Centrifugal pump, with worm drive	ST/SQD	Squad car, with single chemical tank
DB	Double bank of ground ladders	STM/TRAC	Steamer tractor
DB/SERV	Double bank service truck, with bevel drive	TB	Tractor, with bevel drive
DB/SRV	Service truck, with double bank of ground ladders	TC	Tractor, with chain drive
DC	Double bank service truck, with chain drive	THSC	Tractor, hydraulic, steel aerial, closed cab
DELUGE	High volume water tower and turret pipes	THSO	Tractor, hydraulic, steel aerial, open cab
DT/CHEM	Chemical car, with two chemical tanks	TJ	Tractor, with Junior motor
DT/COMB	Combination car, with two chemical tanks	TRAC	Tractor only
DT/COMB/JR	Combination car, with two chemical tanks and a Junior pump	TRIP.	Triple combination (hose body, pump and chemical tank(s))
DT/PWT	Pumper, with a water tank and two chemical tanks	TRIP/CENT	Triple combination, with centrifugal pump
DT/SERV	Service truck, with two chemical tanks	TRIP/FOAM	Triple combination, with Foamite tank(s)
DT/TRIP	Triple combination car, with two chemical tanks	TRIP/PIST	Triple combination, with piston pump
E Comb	Combination car, with "E" engine	TRIP/WT	Triple combination. with water tank
EMERG. CAR	Emergency car	TRK	Straight service truck, with ladders and equipment (See: SERV)
FD/AER	Front drive aerial (as opposed to tractor drawn)	TSH	Tractor, steel aerial, hydraulic raising
FD/SERV	Front drive service truck (as opposed to tractor drawn)	TSWC	Tractor, spring raised, wood aerial, closed cab
FD/STM	Front drive steamer (as opposed to tractor drawn)	TSWO	Tractor, spring raised, wood aerial, open cab
FOAM	Foamite tanks	TW	Tractor, with worm drive
GWT	Gallon water tank (preceded by capacity)	W/SQD	Squad, with worm drive
h	Hydraulic brakes	WD	Worm drive
H-	Hydraulic jacks	WT	In the Type/style column - Water Tower
HI/PRESS	High pressure car	WT.	In the Remarks column - water tank
HOSE	Hose car body only	WT/TRAC	Water Tower tractor
HOSE & LAD	Hose and ladder car (not a Service truck)		
HOSE/JR	Hose car, with Junior pump		
JO	Junior aerial, open cab	SPECIAL NOTES	3T/CHEM; 4T/CHEM; 6T/CHEM - Indicates number of chemical tanks 55'; 65'; 75'; 85'; 100'; and 125' - Indicates aerial ladder lengths
JOX	Junior aerial, open cab, exposed ground ladders (pronounced "J - O - X")	RBLT	Rebuilt
M-	Manual jacks (as in M-190, M-5-65 JO, etc) on Junior aeriels	RPD	Repaired
METRO	Metropolitan steamer	RSHPD	Reshipped
POLICE PAT	Police patrol	SHPD	Shipped
